

New (Come & Go) Town Hall Format

Encourages Face-To-Face Personal Communication

This new format is patron-friendly. It supports a number of purposes: 1) provides for one-on-one interpersonal communication, 2) maximizes the number of patrons able to give input; and 3) provides a flexible format for busy CISD families.

Important Note: This process encourages effective interpersonal communication by allowing patrons to meet individually with Trustees/Administrators. However, **all written and verbal input is transcribed** for dissemination to every Trustee and Executive Leadership Team member.
